

# PUZZLEBOMB

## SOLUTIONS

# WORD-A-TRON

			<p>Minimum number of colours needed = 3</p>	<p>             * * * * * H              E * * * * H G              * * G * * R E              * G H * * * *              G H * G R E H              * G * G * * H              F * L * * * *              E * * * * R * *              * * * * E * * *              * * * * * H              E * * * * H G              * * G * * R E              * G H * * * *              G H * G R E H              * G * G * * H              F * L * * * *              E * * * * R * *              * * * * * T              * I *         </p> <p>13 x L, E, F, T 14 x R, I, G, H, T</p> <p><b>RIGHT</b></p>	<p>             ROFL -              LOL              WTF              OMG              U              1732 -              272              583              774              8              = 19         </p>		<p>Anagrams unscrambled:</p> <p>weeks in a year (= 52) minus five squared (= 27) take the cube root (= 3) increment by one (= 4) divide by two (= 2)</p>
--	--	--	---	--	---	--	--

Left 13, Left 3, Right 19, Left 2

Answer is R-E-B-U-S

WORD-A-TRON: devised by @stecks & @mathsjam/MCR.

## APIS CLUES

LOW, HEROES, CHORAL, PLUTONIAN (Ode) and TOLTEC are the symphonies of Philip Glass. They're not all Bowie albums. Sorry about that.

APIS CLUES: devised by @apisclues.

1. Deep moo - LOW
2. At this point, duck is accepted in second Justice League of America - HEROES
3. Spoken after church in relation to the choir - CHORAL
4. Pu allows Nianzu to begin to overcome uncertainty regarding the underworld - PLUTONIAN
5. Early Mexican fool probed by alien in the wrong direction - TOLTEC
