WORD LOCK: by @derek_couzens.

The ten lights at the top each have a letter, and pressing each button toggles the lights with the letters in that word (off or on, depending on their current state). Which buttons must you press to light the whole panel? All the lights are off to start with.

TUBEWORD

TUBEWORD: by @stecks and @apaultaylor, with cryptic clues by @apisclues.

This is a crossword wrapped around a long tube. Across clues are standard cryptic clues, and down clues incorporate (in either order) a clue to the visible three-letter word in the grid below, and a longer word which wraps around the tube, starting in the numbered cell and going downward.

ACROSS

- 1 Those on anonymity network have no right - they're mugs, as far as Riemann is concerned
- 4 A pair of clownfish, second leaving their shelter?
- 7 Send back Slurpee after it's been mixed

DOWN

- 1 Black stuff - stuff that gets on your teeth
- 2 The sun briefly answers
- 3 Diocese notices
- 5 Atomic number of hydrogen gas
- 6 Loose cover for Hawaiian oven in New Zealand
- 8 Type of school ambassador
- 9 Hearing kind of dashes
